

ProClean Rinse Additive Heavy Duty

Effective chemistry helps reduce rewash, hand polishing and dry times, while supporting employee compliance.

CONSISTENTLY CLEAN DISHES TO SATISFY GUESTS

- Designed for challenging water conditions
- Specially formulated to manage hard water and high TDS (total dissolved solids) water
- Reduces rewash and hand polishing
- Provides superior sheeting and reduced dry times, even on plastics

ProClean Rinse Additive Heavy Duty

This specially formulated concentrated rinse additive is designed to work in hard water conditions and handle high TDS (total dissolved solid) water. Highly active surfactants provide for excellent sheeting and fast drying, so dishes and wares are leaving the dishroom quickly and requiring less labor to see the great results.

Directions:

Consult your ProClean Service & Solutions representative for specific use directions.
